MAPLE

*Capital Appearance*—The Beatles performed for a youthful audience in Washington on the night of February 12.

*Ranger on Target*—This is a photograph of the lunar surface taken by the Ranger 7 spacecraft prior to its impact on the moon July 31st. The area shown is about one and two-thirds miles on a side. The smallest craters are about 30 feet in diameter and 10 feet deep. Some of the large craters are about 300 feet in diameter.

*Family Grieves*—Gust Carlson, father of Dr. Paul Carlson, medical missionary slain by rebel troops in the Congo, dabbed at his eyes during a news conference in Los Angeles on November 24. He is flanked by his daughter and another son.

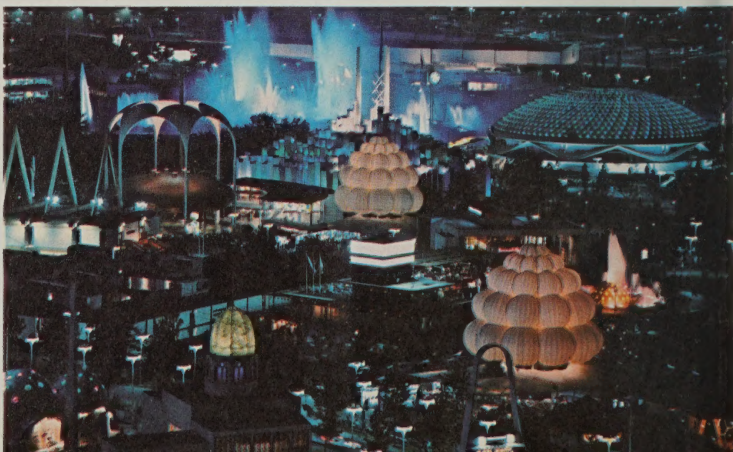

*Opening for Juniors*—These college juniors joined the Peace Corps' new summer project for six to eight weeks of training similar to that for regular Peace Corps volunteers. They later did surveying work near Taos, N.M. After graduation they will be sent to Latin America.

*New Teen-Age Queen*—Smiling Carolyn Mignini, 17, of Baltimore was crowned the new Miss Teen-age America of 1965 in Dallas on November 13.

*World's Fair at Night*—The New York World's Fair attracted as many visitors at night as it did during the day following its April opening. The nighttime lights set off the beautiful pavilions constructed by many countries.

*Democratic Victor*—President Lyndon Johnson won the 1964 election by the greatest plurality and per cent of the total vote in U. S. history. Johnson became President at the assassination of John F. Kennedy in 1963.

*Barry's Battle for Votes*—Sen. Barry Goldwater was surrounded by fans at Knoxville, Tenn., airport September 16 as he campaigned for the presidency on the Republican ticket. The conservative senator swept to a first-ballot nomination at the convention in San Francisco.

*Nobel Prize Winner*—Dr. Martin Luther King, Jr., right, was greeted by Richard C. Patterson, commissioner of public events, at Kennedy International Airport Dec. 16 on arrival from Europe. Dr. King was in Oslo to receive the 1964 Nobel Peace Prize.

## National Events in Review—1964

*Cards are the Winners*—Roger Craig leaped on a group of teammates surrounding the pitcher Bob Gibson moments after the last out in the seventh World Series game won by the Redbirds over the Yankees, 7-5, in St. Louis.

*I'm the Greatest*—Cassius Clay whooped it up with his handlers after he won the world heavyweight title in Miami Beach in February. He was credited with a technical knockout of Sonny Liston when Liston failed to answer the bell for the seventh round.

*Alaskan Quake*—A whole line of cars rested about 20 feet below street level on a main thoroughfare in Anchorage the day following the disastrous earthquake on March 27.

Birches bend under the weight of snow;  
High on the mountain and for miles below,  
This shining white layer is all around;  
On tops of trees and every inch of ground.  
The air is brisk and nippy today;  
I do hope winter has come to stay.

# *Dedication*

The 1965 yearbook has been dedicated by the senior class to two instructors on the Aggie Staff. This procedure is rather unusual, but the members of the class thought so much of both of these outstanding men that a decision to select between them became impractical, if not impossible, considering the margin of the vote.

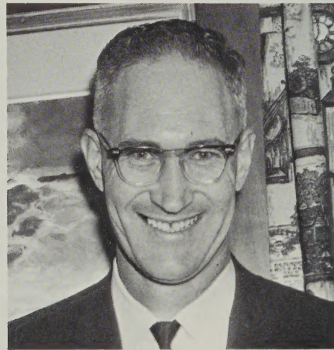

Mr. Chase has been on our staff almost thirty years. He is an all-around craftsman who can handle metal or wood. As head of the shop department, he is respected by all that know him for his skills in the area of farm mechanics. However, it is his ability to communicate with the pupils in his fatherly way which has motivated the seniors to select Mr. Chase for this honor.

Mr. Potter represents the younger side of the staff as he has been a staff member around ten years. As coach of football and basketball, physical education, and history instructor, he has served the class in every way. There is probably no teacher on the staff who has earned the respect of the students any more than Mr. Potter. His athletic background, which includes being captain of L.S.U.'s football team, is put to excellent use in every situation whether academic or athletic.

To these two wonderful instructors, we dedicate our 1965 Maple.

## THE FATE OF A TEACHER

A teacher stood at the Pearly Gate,  
His face was gaunt and old.  
He meekly asked the man of Fate,  
Admission to the fold.  
"What have you done," St. Peter asked,  
"To seek admission here?"  
"I was a teacher down on earth  
For many a weary year."  
The Gate swung sharply open then,  
As Peter touched a bell,  
"Come in," he said, "and take a harp  
You've had your share of . . .!"

I, Dan Barry, leave my ability to play both tackles to any underclassman foolish enough to try. I also leave my ability to sit on the bench in basketball Zysk.

I, Richard Bean, leave to Donald Bridges the privilege to bring junks on the campus parking lot.

I leave my ability for traveling all over the country and for doing the split jump on the Methuen hill jump to anyone that can do it. Jim Timony.

I, Kendall Peterson, leave to any underclassman the privilege of pinning the "Great Frank Zysk" to the mat in a wrestling match.

I, Kevin O'Keenan, leave my ability to miss bunny shots in home room basketball to my brother Denis.

To Denis Keenan, I bequeath my uncanny ability to take the longest shower and be the last out of the football locker room (score ya bum!), and to Frank Zysk and Bernard Martino I leave the right for them to have an Ivy league haircut. Terry Kennedy.

I, Bob Shaw, leave to Frank Zysk my ability to sit down on the football field during a game.

I, John Shimanoski, leave to Don Bridges my way of scorning upon all Fords whenever I have trouble with my own.

To all the underclassman we the Senior class leaves you all in peace. Good-by.

# CLASS PROPHECY

Ten years ago it was D-day at the Aggie for the senior class of '65. It was a tough four year battle, but we managed to get through. Now, here we are at our first class reunion, so let's see what the class has accomplished.

I see Mr. Mike Mascovitz has taken over Mr. White's job as Educational Manager.

There's Dave Smith, our old class president, and he looks very happy. He owns a Super Cow that's worth a million. She lays eggs, gives milk and makes Swiss cheese.

James Newton owns his own stock car factory. He's manufacturing clunkers with the number 427 on all of them.

John Peel is head of "Kill It or Make It" laboratories. Last week during an experiment he blew up his million-dollar industry.

Doctor Kevin Keenan is a psychiatrist out at the University. He is psychoanalyzing chickens. He wants to know the reason why they don't lay more eggs.

Paul Lynch is teaching Cub Scouts to shoot foul shots for their merit badges. He's their grand leader.

Bob Shaw is the president of the "You Soak It Up" sponge plant. He's really making the greenbacks.

Sal Frasca owns his own judo school, with Pete Sanborn as his assistant. They are both in the hospital with broken hands from trying to split toothpicks in half.

Roger Cote has gone into the vegetable business with Mr. Meuse and specializes in selling condemned vegetables to the school cafeteria.

Marion Norcross and her husband Don from the Culinary Arts School own their own bakery selling pastries with the Coakely cookie touch.

Pat Grove, now Pat Arathuzik, is living with her husband at the "In Debt Loan Company."

Petey Le Blanc made the headlines the other day. He went up in a spectacular display of flames and fireworks as he tried to photograph the technicalities of a fireworks factory with a gunpowder flashbulb.

Jack Shimanoski is running a "Burned Apples for Vitamins" health store and every February he enters some apple ashes in the F.F.A. science fair.

Ron Osborne is a poultry inspector down in Georgia now, but he seems to like inspecting those Southern Belles better. I wonder why.

John Dorman is back down in Maine now. He's president of "Eat a Maine French Fry" company.

Joe Russell is the owner of a clothing factory manufacturing baggy Navy pants and driving his hot Rambler on the side as a getaway car for the Boston underworld.

Bill Howarth owns a brownie factory. They call him Brown Bill. He simonizes noses on the side.

John Kukene runs a lonely hearts bureau in New York, but he hasn't met another lonely heart yet.

Jim Shevlin is a butterfat tester and taster at "Eat a Ball of Butter Daily, Inc."

Wayne Morgan is a renowned professor at the University of Miami. He is teaching underwater basket weaving to dolphins as well as Flipper and his crew.

Tom or Reverend Mikulis is the new Parson and head leader of the Black Nationalists Movement.

Dan Barry is the forest manager of Yellowstone National Park with a load of freedom riders as a maintenance crew.

John Thompson is a guide leading expeditions through the Andes. No wonder he hasn't been seen since the first trip.

Bill Freitag just took over the payments on Cobbis Poultry Farm. He's still trying to get that '58 Ford of his running. Get a Chevy Bill.

Paul Tremblay owns his own landscaping outfit with a fleet of Falcon trucks but he's still trying to figure out how to drive his brother's El Camino.

John Coughlin is down in Selma, Alabama fighting FOR the rights of Negroes or is it FIGHTING the rights.

Dick Hellard is teaching the weight-lifting courses at Rutgers. He just put 80 pounds over his head.

Don Czarnecki is a great discoverer. He made the great discovery of the Super Colossal Venus Fly Trap. It was exhibited at the World's Fair and neither Don nor the Fair has been seen since.

Barrie Schwartz is an insect breeder propagating butterscotch fruit flies for the High Life Night clubs and restaurants in New York City.

Ralph Boragine is a food taster at Gino's spaghetti plant. He is well paid for tasting hot Italian dishes.

Jim Carrien has a monopoly on the broiler industry selling cut up cholera infested Leghorns at cut rate prices. The U.S.D.A. just stepped in and now poor Jim is the cook at Sing Sing featuring, Southern Fried Chicken as his weekly special.

Nancy Robishaw is the owner of her own Morgan horse farm. She also rides as a stunt woman in the country's top rodeos.

Terry Kennedy -- has taken over Olympic Star Bob Richards job of selling Wheaties on T.V.

Kendell Peterson better known as Killer Kendell is working out at Madison Square Garden and has weekly wrestling matches on T.V.

Jim Anketell is the owner of a greenhouse and comes back to the Aggie every year to sell used corsages to the senior class for the prom.

Jim True is running a clothing store in Haverhill for farmers specializing in dungaree jackets.

Bob Bourassa buys Falcons with 427's from Jim Newton and is breaking all kinds of records up at Sanford.

Jim Cassie is playing basketball for the New York Knickerbockers. He rides around on the shoulders of those 7 footers and dunks about every other basket.

George Garrity is the coach of the Essex Aggie basketball team teaching the boys his special technique of driving for those layups.

Don Howe owns Carter's Nursery and Greenhouse but he had a bit of trouble the other day. There was an earth tremor and all his greenhouses shattered. So he took the glass, glued it onto some tar paper and now he's in the sandpaper business.

Bill Johnson is up at Paul Smith College teaching forestry classes. He was offered a position on the Patriots team but broke his leg on the way to sign the million dollar contract.

Greg Marshall owns half of Harold Parker State Forest and still displays his little red light on the dash of his new Ford.

John Sandlin has been appointed to the title of Secretary of Agriculture. He has changed the White House lawn into a range for beef cattle and the Rose Bowl into a hay field.

George Cruddas has taken over Mr. Scanlon's job. He's conducting guided tours of the new Essex Aggie.

Art Languirand married his girl from the Homemaking School and is president of H.P. Hood's with Dick Bean as his Vice President.

Linda Sheppard and Wayne Roblee are also happily married and while Linda runs Rockingham Race Track, Wayne drives school busses for the Aggie.

Jim Timony owns 90% of the fruit plantations in Calif. and races motorcycles as a hobby. They call him Wheelstand Ned.

Tom Crowley is a successful veterinary. He went into partnership with his boss and just made his first million.

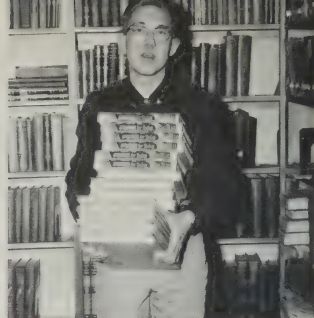

Well, that's how the class of '65 turned out. Things sure look good after so long.

## SPORTS

Football, Basketball, Cross-Country and an informal Gymnastic team represented the Aggie in sports this year. Although they were overall unsuccessful as for total victories were concerned, our squads which were almost always outmanned by larger schools, gave an excellent account of themselves.

The football squad despite being without victory placed Barry, Kennedy, Tremblay, and Lynch on the All-Star Team; the latter making first string quarterback.

The basketball team won two games and lost five by a total of six points. The loss of star forward Jim Aruthzick early in the year was a devastating blow to Coach Potter's five. However Lynch, Morgan, Cassie, Martineau, Dorman and Zysk carried on and made almost every game a thriller for Aggie supporters.

Lynch finished 2nd in the annual foul shooting contest and Jim Cassie was voted a trophy for "Outstanding sportsman in the Cape Ann League.

The Cross Country Team led by Dave Smith, Frost, Ouellete, Carrien, and Jansky won half its meets for Mr. Kramer in his second year as coach.

# MR. METCALF

For almost fifty years our illustrious teacher and advisor, Mr. Metcalf, has guided the students of this school through his instruction; also advising the F.F.A. executive committee which has been nearly a full time job in itself; he has done this through good and bad times. He is known to everyone as both a friend and teacher. The part he says during F.F.A. ceremonies in a way fully embodies the spirit of this man, "a time honored emblem of knowledge and wisdom." He will be remembered by all the students who have ever been under his tutelage. Through his guidance and knowledge he has made the F.F.A. at this school what it is today -- the largest chapter in the country. Besides distinguishing himself in many fields of agriculture, he has been the reason and force behind the people who have won honors in F.F.A. activities. You might say that this wonderful man is the representation and image of the F.F.A. spirit in this school.
